

# New Jersey Federation of Camera Clubs

**Purpose of the Federation:** The New Jersey Federation of Camera Clubs is an Association of Camera Clubs embracing *a membership exceeding one thousand (1,000+) photographers* in over thirty two camera clubs in New Jersey. It is dedicated to making photography more interesting and more rewarding to the individual through service to his club and through pooling the resources of individual clubs for the benefit of all. The activities of the Federation include the following activities:

**Monthly Meetings** - Delegates from clubs gather nine months a year with the staff of the Federation to conduct and prepare for the business operations necessary for the inter-club competitions and competition rules as well as other developments in photography that might affect its members.

**Regular Competitions** - About a dozen regular annual competition events are held in both monochrome and color prints & slides for member clubs.

**Speakers & Judges & Planning Guide** - A listing which is distributed to member clubs for their planning of their next seasons schedule of events.

**Newsletter** - "Cable Release" is issued monthly (9-12 times a year) to all its current 32+ member clubs. It contains NJFCC competition results, club activities, articles on photography, advertisers & special regional current events. The current and previous monthly newsletter issues are available by download from our website not only by club members but to any visitor from the public visiting our Federation website "njfcc.org".

**Website** - "www.njfcc.org" provides visitors with photography news, advertisers & information and direct linkages to our member club's emails and websites.

**A Convention** - "Photorama" is an annual full day event which is open to the public and also brings together NJFCC members from all over the state to see and hear leading personalities, vendors and products in photography.

**NJFCC - Advertising ORDER Conditions**

The content of the ads are up to the advertiser and can include the special services and/or equipment that they have to offer to club members as well as any special sales and prices as desired. The advertiser must supply the desired ad graphic by the 2nd Monday of a month deadline in order for it to be available to club members by the 3rd Monday. There may be no newsletter issues in June, July and December, however, the website is always up. The ads themselves can be changed each month.
