A Tribute to Margaret Barnes APSA, NJFC

Dear Fellow Club Members,

Last night I received a phone call from David Carr in Florida. He called to inform me of his mother's death. Margaret Barnes was born in Newton, NJ, on November 1, 1912, and died on Sunday, March 20, 2005, at the wonderful age of over 92 years.

Margaret has been acknowledged around the world for her marvelous photography, and is especially remembered for her delightful portraits of young children and pets. She was a founding member of Morris Photocolor Club which was incorporated in October 1953. In November of 1956, Morris Photocolor Club joined PSA (Photographic Society of America). It was Margaret Barnes APSA, NJFC, of Morris Plains, who forced PSA continually to create new plateaus for exhibition competitors. Margaret, until 2002, held the highest achievement in color slide history for PSA. Martin Bruce, now of Florida, was friend and an arch-rival on the exhibition circuit, and has finally equaled her achievement. It is less well recognized that Margaret also had achieved several stars in nature.

She leaves behind a wonderful legacy for Morris Photocolor Club members. She was a strong personality and beloved of her family. She was devoted to her two sons, Tom and David Carr, Lois, her daughter-in-law, and her grandchildren. She died in Maine, not far from her summer cottage at New Harbor, where she did much of her superb photography.

She will be missed by many. It was a privilege to have known her.

Marian Boyer

Upcoming Events / ANNOUNCEMENTS
