PHOTORAMA, A HIT!

Photorama 2014 was certainly a smashing hit. Once, again, Photorama Chairperson, Ken Curtis, emcee'd a sellout program. This was Ken's finale, as he's retiring from the position and we certainly want to thank him for his efforts making the programs so special. We miss his fine work, especially when he presented the door prizes throughout the day.

"And, The Winner Is . . ." Photorama Chairperson Ken Curtis ©2014 Ben Venezia

The folks from my camera club that attended this year's Photorama were very pleased with the presenters. And, because so many of them are relative beginners in photography, they appreciated Jennifer Wu's presentation as she went through the basics of photography. Her images and her presentation style was most enjoyable

More experienced photographers, but those unfamiliar with macro photography, were wowed by Mike Moats. He debunked a myth about the necessity of using the highest priced equipment, showing a table listing the total cost of the camera and lenses he uses below the price tag of the most expensive Canon and Nikon DSLRs.

For those of us interested in the Workshop Mike plans for the Marriott Courtyard, most of us will miss it, as it's already sold out. You can check it out on his web site or through the Tamron newsletters.

Obviously, we want to thank all of the vendors that participated in the day. Because I'll probably forget one or more, I won't mention them individually . . . But, we do appreciate your service to NJFCC.

Member of HUB (circa 1998), Gene devotes his efforts to achieving and retaining a vibrant camera club. In so doing, he researches new techniques, etc, and readily applies them where feasible, thus is able to answer just about any question asked.

Dave is the former President of Camera Naturalists and the Cranford Millburn Camera Clubs. He is the current Publicity Chair and Webmaster for the CMCC. He is an accomplished photographer, judge, lecturer, trip organizer and tireless champion of environmental issues. Dave's talent and passion for photography has positively impacted several organizations and many individuals over the years.

Tibor Vari
Photo workshops

T-Tours runs one or two photography workshops in the Western US each year. Trips are focused on getting great photographs whether you are a beginner or a seasoned pro. All trips are limited to 4 participants with a minimum of 3.

Details on these workshops are on my website
<http://www.tiborvari.com/workshops/workshops.htm>.

I run tours to all the major national parks in the West, including Yosemite, Olympic, Mt. Rainer, Arches, Canyonlands, Great Sand Dunes, Rocky Mountain, and areas such as the Eastern Sierra's (Mono Lake), and Colorado Fall Colors. These locations are almost in my back yard as I am now based out of Colorado.

Specific details of workshop locations can be found on my website and can change depending on weather conditions and lighting. The small group allows for a very intimate photography experience and a good time for all. I'll make sure to get you to the best locations for sunrise and sunset.

Prices include lodging, vehicle, gas and pickup/drop-off from the start location. Participants need to make their own flight reservations. Food is not included. My contact information is below.

Roamin' with Roman Photo Tours

Roamin' with Roman Photo Tours runs instructional small group tours and workshops that cater to photographers who don't want to get lost in a crowd!!!

When comparing prices, remember that my tours include lodging (based on double occupancy) and transportations from the departure point.

I run tours to Arches, Canyonlands, Monument Valley, Zion, Bryce, Yellowstone, Grand Tetons, Florida for birds, Iceland, Tanzania, and more! See the schedule & galleries on my website for all the details and dates.

I personally lead all my tours and workshops. I take only 4 participants on my US based tours to ensure a more intimate teaching and learning environment. This small group size also gives me greater schedule flexibility. It allows me to modify the itinerary instantly, even accommodations, as weather or shooting conditions change. No other photography tour company can say that!

You can contact me by e-mail: rkurywczak@gmail.com or call (908) 241-0500
